

Pioneering course to be held on 21st and 22nd June 2011 for all senior healthcare professionals (working in areas such as A&E, reproductive and sexual health), GPs, medics and ENPs.

PRACTICAL INTRODUCTION TO FORENSIC CARE:

Learn best practice when a patient presents in your specialty following an assault.

The Havens would like to introduce this two-day forensic course to include the following:

- Locard's exchange principle;
- First disclosure statements;
- Rape and sexual assault, DV and other forms of violence;
- Achieving best evidence and EEKs;
- Collecting and bagging samples;
- Documentation of significant injuries; and
- Statement writing and the court process.

Course to be held in Victoria, central London, on Tues 21st & Wed 22nd June 2011
